Home Improvement Property Tax Credit

Program Purpose and Description
This program was designed to provide an incentive to make improvements to residential properties and lessen the financial burden on property owners.

This property tax credit limits the value of the improvements that are eligible for the credit; for instance, the credit does not apply to the value of improvements to the dwelling that exceed $100,000. If ownership of the property is transferred, the purchaser is eligible for the remainder of the property tax credit. The program provides a 5-year tax credit with 100% relief from your city property tax increase in the first taxable year; the credit declines by 20 percentage points thereafter. **However, the credit is applied only to the increased value of the dwelling due to the improvements.** This credit automatically renews annually for five years as long as the property remains in compliance with the Housing Code.

To be eligible, the property must:
- Be owner occupied for more than six months each year;
- Have had improvements that do not exceed $100,000 and;
- Experienced an increased value in the assessed value of the property due to the improvements made to the property and provide the necessary proof (for additional information, please contact SDAT at the following: Phone (410) 767-8250, Fax (410) 333-4626, E-mail: baltcity@dat.state.md.us); and
- Must remain in compliance with the Housing Code.

Important Note: There are 2 conditions under which a purchaser of a newly-renovated home (renovated by the previous owner) could be eligible for a Home Improvement Tax Credit even if the previous owner did not apply for the credit upon completion of the renovation. First, the revised assessment valuing the new construction would have to be issued by the State Department of Assessments and Taxation to the new owner after the date of transfer of the home rather than having been issued to the previous owner who completed the work. Second, the previous owner who completed the renovations would need to have been a principal resident and owner-occupant of the home.
